Description of Misconduct

Describe the behavior subject to disciplinary action:

Considerations for Review

In carrying out a manifestation determination review, the IEP team must consider, in terms of the behavior subject to disciplinary action, all relevant information, including:

- | | |
|--|--|
| Evaluation and assessment results. | The student's IEP including current programs/services. |
| Any teacher and other observations of the student. | Relevant information supplied by the parent. |

Manifestation Determination

If the determination of the IEPT is "Yes" to any of the statements below, then the behavior must be considered a manifestation of the student's disability.

In relation to the behavior subject to discipline and the student's disability:

- | | | |
|---|-----|----|
| 1. The conduct in question was caused by the student's disability or had a direct and substantial relationship to the student's disability. | Yes | No |
| 2. The conduct in question was the direct result of the local school district's failure to implement the IEP. | Yes | No |

The determination of the IEP Team is that the behavior subject to discipline is:

- Not a manifestation of the disability; records are transferred to general education for disciplinary procedures.
- A manifestation of the disability.
